Use Tools in the Toolkit to Safeguard Yourself and Your Community: Treatments

1 positive test + 1 symptom + 1 risk factor = treatment

• The earlier you get treated the better. At home, oral treatments should be started within 5-days of symptom onset and IV treatments within a 7-day window.

• Therapeutic prescriptions are available to order to pharmacies statewide! Visit findatreatmentnm.com or talk to a medical provider for more information.

Use Tools in the Toolkit to Safeguard Yourself and Your Community: Vaccines

- Vaccines have safeguarded millions of people from getting very sick, hospitalized, and/or dying from COVID-19.
- Everyone 5+ should get a booster dose after their primary series.
- Everyone 50+ should get a second booster.
- Up and coming: By end of month, under 6 months through 5-year-old vaccine will be available.
- Visit VaccineNM.org or Vaccines.gov to schedule an appointment today.
Were you affected by the New Mexico wildfires?

• You may be eligible to apply for disaster food benefits for until June 13th.

• Available to residents who live or work in Colfax, Lincoln, San Miguel, Mora and Valencia counties.

• Application sites include all ISD Offices Statewide and 5 community sites.
  • Mora site will open Thursday 6/9

Impact affected residents can apply for D-SNAP at the four sites below in addition to all local Income Support Offices.

**Hours of Operation**

Our community is safer when we do our part.

- Know the COVID-19 Community Level where you live.
  - Follow the CDC guidance for Low, Medium and High levels.
- Get vaccinated.
  - Stay up-to-date on vaccines and boosters.
- Get tested.
  - At the first sign of symptoms.
- Get treated.
  - Seek treatment right away, even if you have one risk factor.
- Get a well-fitting mask.
  - Masks are effective and provide an extra layer to safeguard.
