

COVID-19 Vaccine Data

(Data as of: NMSIIS 5/30/2022 , Tiberius 5/25/2022)

Data is pulled from the New Mexico Statewide Immunization Information System (NMSIIS) and Tiberius and reflects data reported to date by NM COVID-19 vaccine providers and RTS

Vaccine Mission

Equitable distribution of the COVID19 Vaccine to decrease morbidity and mortality from COVID19 and preserve societal functioning

Vaccine Administration

To track doses administered for getting to goal of 80% primary series completion

84.8% of New Mexicans (5+) have received
at least one dose

72.9% of New Mexicans (5+) have
completed primary vaccination series

40.8% of New Mexicans have completed
their first booster

% of individuals that have completed primary series by County (5+)

Statewide Vaccination Progress: Primary Series (5+)

% of New Mexicans (5+) with at least one dose

84.8%

% of New Mexicans (5+) with Primary Series Completed

72.9%

of New Mexicans (5+) with at least one dose

1,694,171

Vaccination Progress - Ages 5 to 11

Population = 187,102

Vaccination Status — At Least One Dose — First Booster — Primary Series

Cumulative Percent of 5- to 11-Year-Olds Receiving First Dose

Data are drawn from the New Mexico State Immunization Information System (NMSIIS) and include only residents of New Mexico. Label shows data of 2022-05-30

Vaccination Progress - Ages 12 to 17

Population = 168,591

Vaccination Status — At Least One Dose — First Booster — Primary Series

Cumulative Percent of 12- to 17-Year-Olds Receiving First Dose

Data are drawn from the New Mexico State Immunization Information System (NMSIIS) and include only residents of New Mexico. Label shows data of 2022-05-30

Vaccination Progress - Ages 18 to 64

Population = 1,249,686

Vaccination Status — At Least One Dose — First Booster — Primary Series

Cumulative Percent of 18- to 64-Year-Olds Receiving First Dose

Data are drawn from the New Mexico State Immunization Information System (NMSIIS) and include only residents of New Mexico. Label shows data of 2022-05-30

Vaccination Progress - Ages 65 and Older

Population = 392,390

Vaccination Status — At Least One Dose — First Booster — Primary Series

Cumulative Percent of 65 and Older Receiving First Dose

Data are drawn from the New Mexico State Immunization Information System (NMSIIS) and include only residents of New Mexico. Label shows data of 2022-05-25

Vaccine Equity: Race/Ethnicity and Geography

Vaccine Equity

Social Vulnerability Index (SVI)

Social Vulnerability Index: Uses U.S. Census Data to Determine Relative social Vulnerability of each Census tract

Based on four related themes: socioeconomic status; household composition and disability; minority status & language; housing and transportation

1.0 =highest vulnerability

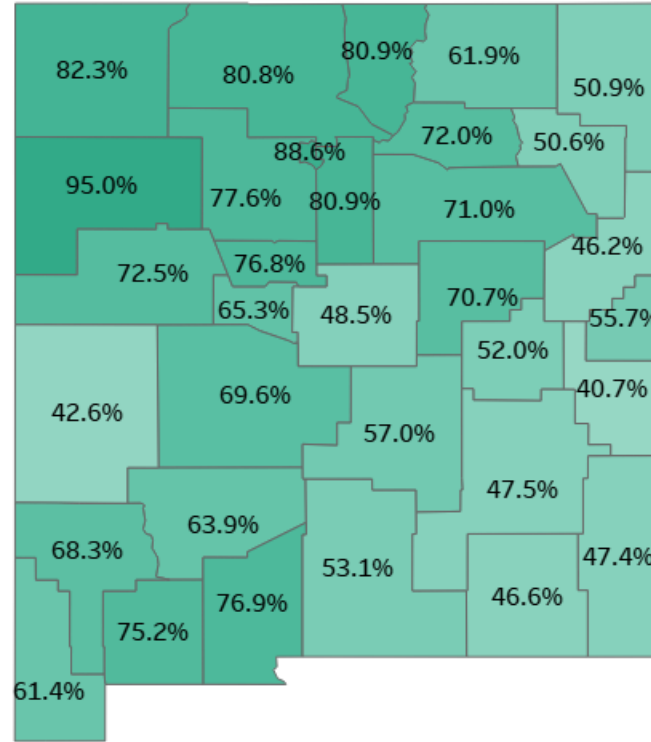

0 =Lowest vulnerability

CDC: SVI: <https://www.atsdr.cdc.gov/placeandhealth/svi/index.html>

COVID-19 Vaccination Rates

% Completing Primary Series Individuals (5+) by NM County

% Completing Primary Series

% Vaccination and SVI by County

Data shows New Mexico specific SVI values, which may differ from country SVI values
Data Sources: NMSIIS and Tiberius
County population denominators are for those 5 years and older

Bernalillo co. vaccination rates, among 20 communities of varied SVI

(communities are geographically represented by zipcode tabulation areas ZCTAs)

Data as of February 17, 2022

Data Sources: NMSIIS and Tiberius

ZCTA-level population denominators are for those 5 years and older

Doña Ana co. vaccination rates, among 20 communities of varied SVI

(communities are geographically represented by zipcode tabulation areas ZCTAs)

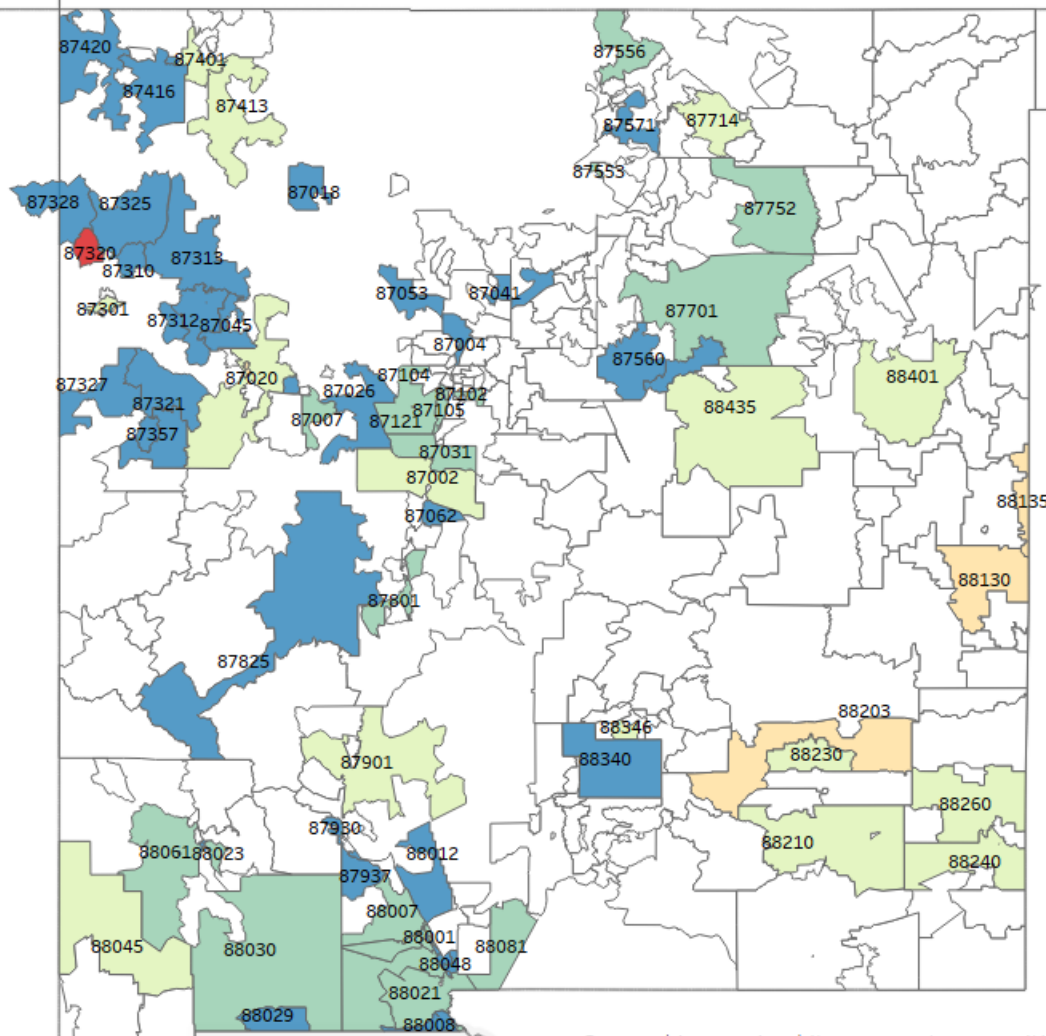

Data as of February 17, 2022

Data Sources: NMSIIS and Tiberius

ZCTA-level population denominators are for those 5 years and older

Vaccination Rates for Highest SVI Communities

Vaccination rates for those 5 years and older, in communities with high SVI (75th percentile)

Legend

(% with at least one vaccine)

- 1-18
- 18-34
- 34-51
- 51-67
- 67-84
- 84-100

Geographic areas in white represent communities with an SVI estimate below the 75th percentile
